Nora,

That address is correct!

The titles are as follows:

Doug Pocze, Section Chief, Federal Facilities Section

Stephanie Vaughn, Acting Branch Chief, Special Projects Branch

Angela Carpenter, Acting Director, Emergency and Remedial Response Division

Thanks,

Sharon

Thanks, Sharon.

It would be great if you would meet everyone in the Lobby. Confirming – Ted Weiss Federal Building, 290 Broadway, NY, NY 10007

Would you please let me know if the following titles below are correct for inclusion on the agenda?

Finding titles on an org. chart has proven to be difficult.

Sharon Hartzell, Remedial Project Manager

Doug Pocze, Chief

*Stephanie Vaughn, Acting Branch Manager

*Angela Carpenter, Acting Director

* May be calling in

Thanks,

Nora

Hi Nora,

The meeting will be in Room 1940. I can also meet everyone in the lobby, unless you know your way around.

Thanks,

Sharon

Hi Sharon,

I should have asked you for a room number so that everyone knows where to go, also Jerry Granzen from BHSO will be joining the group.

Hi Nora,

According to my supervisors, nothing special is required to attain entrance to the building, though you will have to go through security (metal detector) to get inside. Everyone should be sure to have an ID on them.

I am expecting myself and Doug Pocze to be present in person at the meeting, with Angela Carpenter and Stephanie Vaughn potentially calling in to a conference line. If anyone from BNL or DEC needs conference line access, please let me know.

How long is the meeting anticipated to be, so I can reserve the room for the proper window?

Has anyone from the County or ATSDR been invited?

Thanks so much,

Sharon

Hi Nora,

I am checking on the building entry process and will get back to you tomorrow, and will also let you know as soon as possible who from EPA (besides myself) will be attending.

Thanks!

Sharon

Hi Sharon,

Just following up to confirm our meeting at your offices on Friday, December 7, at 10 a.m.

I'm expecting the following from the Lab to attend:

Jack Anderson, Deputy Director, Operations

Bob Gordon, Manager, Brookhaven Site Office, Department of Energy

Jason Remien, Manager, Environmental Protection Division

Bill Dorsch, Manager, Groundwater Protection Group

The following people from NYS DEC have committed as well:

Brian Jankauskas

John Swartwout

Eric Obrecht

Are two forms of identification required to enter your building?

Thanks so much for helping to coordinate,

Nora

Hi Nora,

While I know that the 7th may be difficult for EPA management, would I be able to attend the meeting as an EPA representative? In a similar vein, would we be able to have an optional conference line open in case my management are able to attend remotely?

As I stated in my last email, next week is a difficult time to get everyone in the room together, and so I would not be able to provide any official EPA stances on issues discussed until I bring notes from the meeting back to my management. However, I am available to be in the room and contribute to the discussions to the best of my ability, with an EPA management meeting scheduled after the CAC.

Thanks,
Sharon

Hi Doug,

Not a problem, we'll set something up with your group when you're back.

In the meantime, we will keep the December 7, meeting date with NYS DEC, meeting with them at Stony Brook University's Manhattan campus.

Best wishes for a safe trip,
Nora

Hi Nora,

I'll be travelling next week.

Is this something we could do via a conf call?

Hi Doug,

Is there any way we could possibly meet on the morning of 12/7, at 10 a.m.? Our management team will be traveling to Washington, D.C., 12/10 through 12/12 and was very much hoping to have this meeting before our 12/13 Community Advisory Council meeting. NYS DEC has said they would be able to attend at that time as well.

I understand this is short notice, but would really appreciate it if you could accommodate the meeting if possible.

Best,

Nora

Subject: BNL PFAS Mtg

Hello Nora,

As per your call earlier, it is my understanding that BNL and DOE representatives (e.g., Bob Gordon of DOE, Jack Anderson, Deputy Director for Operations at Brookhaven) wanted to meet with EPA and the other regulatory agencies regarding PFAS.

Sharon Hartzell is the RPM and unfortunately she is out of the office today, but will be in tomorrow.

However, looking at everyone's schedule, possible dates are:

12/10: Afternoon

12/11: Afternoon

12/13: Morning

Please note this is just tentative and I do not know if everyone is available to meet in person.

However, Sharon can get back to you tomorrow with more input.

It would also be helpful to have an agenda and identify the issues for which BNL/DOE is seeking input from EPA so we can be prepared.

Regards,

doug
